   - As the account is reasonably healthy we should consider running an extra event, e.g. a training event.

7. Education Network
   - Minor amendments agreed for AC’s proposal, including clear differentiation with MeCCSa’s practice brief, and an agreement that there should be two meetings (Autumn and conference).

AP11: AC to circulate revised paper.
AP12: AC to set up #baftssednetwork

8. Conference 2017
   - 20-21 April previously agreed by email approved.
   - ‘Genre Studies’ theme approved.
   - A list of potential keynote speakers approved. Agreed that we should aim for three rather than two outstanding achievement awards.

AP13: PP to contact.
   - Conference Committee to consider a roundtable on genre with two awardees.

9. Open Screens
   - Agreed that we should pursue the OLH avenue, despite delays, as there were concerns about the time, effort and appropriate level of expertise if we go it alone. We should suggest reviewers for our proposal.
   - Agreed that the purpose of the journal includes: a forum for ECR and PGR publication, new members (and therefore increased income).
   - Agreed that there should be a single annual publication identifier rather than several ‘issues’ in a year.
   - We should begin collecting material once our proposal is accepted.

AP14: PP and journal team to establish a list of potential materials EC members willing to contribute and to contact Outstanding Achievement awardees once we have a publication date.

10. Website content
    - Agreed that we should create resources, such as module descriptors, reading lists.

AP15: MS to create a template.
    - Agreed to create a ‘Career FAQs’ page for PGRs.

AP16: MD/MS to create a mock-up.

11. Proposal for ‘special interest groups’ (SIGs)
    - Agreed that we should have SCMS-style SIGs at our conference, with the authority to organise one or two panels for the conference.
    - This would be done initially for three conferences (either three concurrent or three alternating) and reviewed.
    - A SIG would have to have a convenor and a minimum of 15 ‘members’.
AP17: PP to solicit interested parties via the jisclist and through contact with journal editors for discussion at the November EC.

12. BFI Consultation
- MS reported on the roadshow: ‘film’ might change to ‘moving images’ so as to include games and VR; emphasis on education, audio-visual literacy plans – reaching out to audiences and the bfiPlayer being embedded in BBC iPlayer; taking events out of London.
- Agreed that we are already doing some of this, e.g. the Education Network.

13. AOB
- Discussion of Tim Bergfelder’s request for us to consider a BAFTSS letter re academic freedom in Turkey. Agreed that our policy should be to advertise petitions and to indicate to the jisclist ‘you may wish to sign this’.
- Agreed that SnF should attend EC as part of journal team when there is an item on Open Screens.

Time and date of next meetings
- November at QMUL, Mile End, London.
- January/February date at QMUL, Mile End, London.
